

Child Check Out Procedure

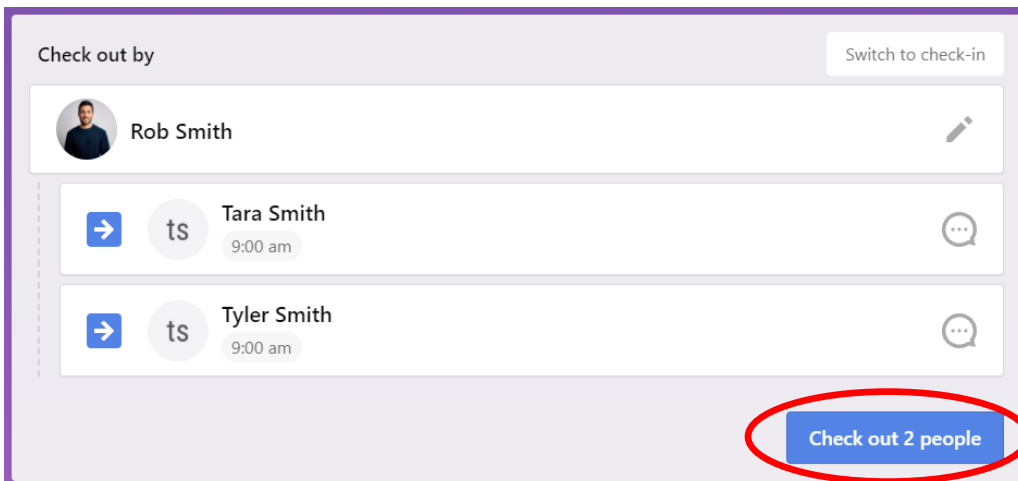

Type in your families name just like when you check in.

When the check in box appears, click the button in the upper right corner
Switch to check out

On the next screen, click the arrows next to the children you want to check out. The arrows will turn blue next to their name.

Click the **Check out people** button

You can also check out your children by using the camera on the iPad to scan your security bar code from your label or phone and then choose the **Check out people** button
